

UX/UI Designer

(Internship)

Reluctant to work for an organization that does not care about the boundaries of our planet, or doesn't see the limitation of our current socio-economical models?

Looking for a genuine meaning in your professional life, acquire new skills and make the most of your existing capabilities to help organisations fix one of the most detrimental issue faced by our society?

What are we expecting from you?

- **User-Centric Research:** Conduct insightful user research to gain a deep understanding of user needs and preferences, support in the development of the next phases of FIT.
- **Wireframing and Prototyping:** Further develop the wireframe for the FIT app, ensuring a more user friendly interface.
- **Creative Collaboration:** Work collaboratively with multidisciplinary teams, including consultants and analysts, to translate business goals into user-friendly design solutions.
- **Usability Testing:** Plan and execute usability testing sessions to collect valuable feedback and refine designs for the application.
- **Strategic Visual Design:** Craft visually compelling and on-brand user interfaces for both the FIT web and mobile applications.
- **Technological Fluency:** Collaborate with development teams, demonstrating a basic understanding of front-end technologies such as HTML, CSS, and JavaScript.
- **Continuous Improvement:** Stay current with industry trends, design tools, and emerging technologies to elevate our design processes continually.

Who are we looking for?

- Currently pursuing a degree in Graphic Design, HCI, UX, or a related field.
- Impressive portfolio showcasing UI/UX design projects, demonstrating strong problem-solving skills.
- Proficiency in design tools such as Adobe Creative Suite, Sketch, Figma, or equivalent.
- Basic understanding of front-end development technologies is advantageous.
- Strong communication and collaboration skills with a proactive attitude.
- Adaptable and able to thrive in a dynamic, fast-paced environment.
- Eagerness to learn and contribute to a culture of innovation and excellence.
- Proactive and enjoys solving challenges.

What do you get from us?

- **Real-world Experience:** Work on projects that directly impact our clients and gain practical experience in the UI/UX design field.
- **Guidance and Mentorship:** Receive support and mentorship from seasoned professionals in the consulting and design industry.
- **Networking Opportunities:** Build valuable connections within the consulting and design community.
- **Career Development:** Explore potential career paths within LightBlue Consulting based on your unique skills and interests.

Starting date: ASAP, minimum 6 months

Working location: Bangkok office
